

ABOUT US

MeasureON Trading W.L.L. is a Qatar-based supplier of industrial instrumentation, automation, fire & gas detection, electrical, mechanical and engineering products. The company supports contractors, end-users, traders and industrial customers through responsive sourcing, technical product understanding and reliable supply coordination.

Core Business Areas

- Instrumentation, automation and control products
- Fire and gas detection products
- Valves, actuation and pipeline accessories
- Flow, pressure, temperature and level measurement
- Electrical, explosion-proof and hazardous-area products
- Mechanical products, tools, PPE and industrial consumables
- Global sourcing, documentation, logistics and delivery support

Vision, Mission & Values

Vision

To become a trusted industrial solutions partner in Qatar and the GCC by delivering quality products, reliable service and practical sourcing support.

Mission

To provide cost-effective industrial products and technical assistance while maintaining high standards of quality, safety, documentation and customer satisfaction.

Values

Integrity, responsiveness, technical commitment, customer focus, compliance, continuous improvement and long-term business relationships.

- Oil & Gas and LNG
- Petrochemical and Refining
- Power and Utilities
- Water and Wastewater
- Marine and Offshore
- Infrastructure and Industrial Facilities
- Manufacturing and Maintenance Contractors

TYPES OF ANALYZERS

GAS ANALYZERS	MOISTURE ANALYZERS	LIQUID ANALYZERS	TOC ANALYZERS	PARTICLE MONITORS	DISSOLVED GAS ANALYZERS	OXYGEN ANALYZERS
 - O₂ - CO - CO₂ - H₂ - CH₄ - NO_x - SO₂ - H₂S - NH₃	 - Trace Moisture (ppb) - Dew Point - Humidity	 - pH / ORP - Conductivity - Turbidity - Dissolved Oxygen	 - Total Organic Carbon - Pure Water - Ultrapure Water - Wastewater	 - Liquid Particle Counter - Airborne Particle Counter	 - Dissolved Hydrogen - CO - CO₂ - C₂H₂ - C₂H₄	 - In-Situ - Extractive - Zirconia - Paramagnetic
SULFUR ANALYZERS	CHLORINE ANALYZERS	SILICA ANALYZERS	pH / ORP ANALYZERS	CONDUCTIVITY ANALYZERS	TURBIDITY ANALYZERS	MULTI-PARAMETER ANALYZERS
 - Total Sulfur - H₂S in Gas - Mercaptan Sulfur	 - Free Chlorine - Total Chlorine - Chlorine Dioxide	 - Low Range (ppb) - High Range (ppm)	 - pH - ORP	 - Conductivity - Resistivity - TDS / Salinity	 - Low Range (NTU) - High Range (NTU)	 - pH - Conductivity - DO - Turbidity - Temperature - ORP

SAMPLING SYSTEMS

GAS SAMPLING SYSTEM	LIQUID SAMPLING SYSTEM	STEAM SAMPLING SYSTEM	WATER SAMPLING SYSTEM	CEMS SAMPLING SYSTEM	CORROSIVE SAMPLE SYSTEM	HIGH PRESSURE SAMPLING SYSTEM
 For continuous monitoring of process gas streams	 Reliable sample extraction for liquid process streams	 High temperature, high pressure steam sample conditioning	 For potable water, process water and wastewater applications	 Complete sample conditioning for emission monitoring	 Designed for aggressive and corrosive process conditions	 For high pressure process sample extraction

 LOWER COST OF OWNERSHIP

- Pressure, temperature, level and analytical instruments
- Transmitters, gauges, switches, recorders and indicators
- Gas analysis, turbidity, oil-in-water and related process analysis items
- Documentation support such as datasheets, certificates and compliance files

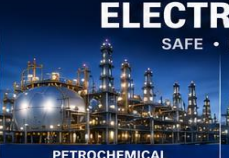

- Gas detectors, flame detectors, smoke detection and safety monitoring products
- Hazard detection, signaling, alarms and field accessories
- Suitable sourcing support for Oil & Gas, LNG, industrial and hazardous-area requirements
- Technical comparison and RFQ support based on client specifications

 **ENGINEERED FOR SAFETY**

 **BUILT FOR PERFORMANCE**

 **CERTIFIED FOR GLOBAL MARKETS**

 **SUPPORTING CRITICAL INDUSTRIES WORLDWIDE**

- Explosion-proof lighting, junction boxes, control stations and distribution items
- Cable glands, plugs, sockets, field cabinets and electrical accessories
- Industrial electrical products for hazardous and non-hazardous areas
- Bulk material supply support for project and maintenance requirements
